A new generation of SHADE

SAVE ENERGY! These efficient, motorized exterior shades truly protect your home from the sun.

The **MOST EFFICIENT** way to block the heat of the sun is from the outside - **BEFORE** it has a chance to heat the window glass!

Aristocrat Exterior Retractable Solar Shades block the sun's heat and add privacy when you want it, while still providing visibility to the outside.

Exterior Solar Shades pay for themselves year after year in comfort and **reduced energy costs** while protecting furnishings from harmful UV rays that cause fading. They are also a great way to **block heat and light** for home theaters, covered patios, porches and sunrooms. Precision made by Craft-Bilt Manufacturing Company, a leader in the home improvement industry since 1946, Aristocrat Exterior Solar Shades feature the latest advancements in technology, electronics and engineering.

Aristocrat Solar Series I and II are custom manufactured to cover your windows and doors and offer a variety of guide options, sizes, colors and fabrics to control the sun, add comfort and protect your home.

	Solar Series I	Solar Series II

Aristocrat Solar Shades are powered by **Somfy Motors**, the world's leading manufacturer of specialized motors and control systems for retractable awnings and shade products. www.somfy.com

BLOCKS THE SUN . . . BUT NOT THE VIEW from inside!

Solar Series II "zipper" system creates a completely closed shade - blocking out sun, wind and insects

Offering privacy and sun control from the outside - without blocking the view from inside the home

50% of the solar heat entering a room comes through the glass . . . accounting for approximately

20% of the load on an air conditioner*

*American Society of Heating and Air Conditioning Engineers

Opens and closes at the touch of a button and adjusts to any position

Block the sun on porches, decks, patios, sunrooms, enclosed porches or to add privacy and protection to any outdoor area or structure
